**Quality Assurance**

As a company we pride ourselves, and take great satisfaction in supplying trees that are of good quality, provenance and conformation. As foresters we care whether forestry trees supplied will, when mature, produce good quality timber, and amenity trees. We are, however, unable to offer guarantee of survival as we have no control over the ground, planting, securing, or the weather.

We acknowledge that our business can only grow if our customers are totally satisfied and their trees thrive.
